DIGNITARY

We recently interacted with beneficiaries of the PLI scheme in textile sector. Almost 30-40% of beneficiaries were from non-woven textile industries and 5-6 companies were manufacturing products like baby wipes, diapers." Today we are selling indigenously produced diapers and baby wipes in the local market. He also urged to focus on exporting non-woven products of the country to the whole world.

Hon. Giriraj Singh
Minister of Textiles, India

DIGNITARY

► CONFERENCE

The expo also included a one-day conference on Nonwoven Technologies for Innovation & Efficiency, organized by leading industry bodies. The conference featured insightful sessions and panel discussions on critical topics impacting the nonwoven sector, offering attendees valuable knowledge and fostering dynamic exchanges of ideas.

► CONFERENCE TOPICS

- Insights into Biodegradable Personal Hygiene Products.
- Analytical View on current status of Nonwoven Textiles.
- NABL Accreditation and its Benefits for the Nonwoven & Hygiene Industry.
- Interactive session with Chairperson Shri Giriraj Singh and Industry Experts (Q & A).

KEY HIGHLIGHTS

In-depth Discussions, Knowledge Sessions & Panel Discussions

The event featured a series of in-depth sessions titled "Way Forward for Nonwoven Textiles in India," hosted by Textile Business Digest (TBD). Industry experts, along with Hon. Minister of Textiles and Chairperson Shri Giriraj Singh, shared valuable insights on current trends, challenges, and emerging opportunities in the nonwoven sector. These discussions facilitated a robust exchange of ideas, equipping participants with essential knowledge to navigate and excel in this rapidly evolving industry.

Innovative Product Displays, Technology Transfer Opportunities & Live Demonstrations

Exhibitors at the Nonwoven Tech Asia Expo showcased the latest innovations in nonwoven technology, including live demonstrations of products and machinery. These demonstrations provided attendees with an up-close view of how cutting-edge technologies can be integrated into their operations, while also offering valuable opportunities for technology transfer and collaboration within the industry.
